Dear Sir,

With reference to the two jewels of the Order of the Gunda-bherrunda, III Class, and 2 bracelets, we find on referring to our books that the jewels were charged at Rs.675/- each and the bracelets Rs.1000/- a pair. You mentioned to us that you must have them in about 10 days' time. Could you see your way to make it 3 weeks as the time mentioned by you is very limited to finish these jewels in, but if you cannot possibly give us the extra time asked for, we must then get them finished for you in the stipulated period, viz. 10 days. We have put the work in hand, and our Mr.Maiden will again see you this evening between 4.30 P.M. and 5 P.M. as desired.

Assuring you of our best services at all times,

We are, dear Sir,

Yours faithfully,

make it 18 days time

Dear sir,

We have much pleasure in sending by our Peon Mahommed Ghouse, the two jewels of the third class order of the Gundhaberunda and the two bangles fitted in cases and trust they will meet with your entire satisfaction. With reference to the two jewels as we could not procure the 2 Emerald Lolaks in spite of us having telegraphed to different people for them, we were compelled to fit 2 imitation emeralds and must ask you to kindly get them back after presentation and return them to us and we will fit on the genuine ones as we will probably have received some by then.

Again thanking you for placing these orders with us and will feel much obliged by you kindly acknowledging receipt of the parcels.

Dear Sir,

In continuation of our letter of yesterday's date re. the jewels, we note from yours of the 7th instant that you would like us to complete the jewels of the 3rd. class Order, and we are this day writing to our people with reference to the emerald drops.

Re. the enhances rates, we could not very well help this as prices of gems have gone up considerably to what they were when these jewels were last ordered, and also the jewels being required in a hurry we had no time to look about and purchase the gems at satisfactory rates, but had to take them at whatever rates we could get as the matter, as you are well aware, was very urgent. As mentioned to you in ours of the 8th October we endeavoured our very best to keep the prices within what were paid for them on the last occasion, but our Manager found that this was not practicable, and we therefore were compelled to charge the enhanced price. Further extra labour at higher rates had to be employed to get

get the jewels completed and extra gold was put into them. We could not very well help this as the time was very limited and every hour would have meant delay had we got our man to file away the surplus gold put in, so we deemed it advisable to let it remain rather than run any risk in disappointing. It was with the greatest difficulty that we got them completed in time, and this was only accomplished by working night and day on them so as to save you any disappointment. In conclusion, we would like to point out that we kept the prices of the jewels of 2nd class as before as we found on working the cost that we could put them in at the same rate as hitherto, for in this case we did not purchase many gems for it as we had most of them in stock at the time which we had purchased months before at favourable rates, and apart from this more than ample time was given to us to complete the jewels in.

We trust with this explanation before you, you will be pleased to allow the enhanced rates to stand, and thanking you once more for the orders placed with us,

We are, dear Sir,

Yours obediently,
